# ALL BIDDERS PLEASE READ

## **Terms Governing This Sale**

Bidders unknown to us will please furnish bank or other references or deposit 25 per cent with their bids, and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. **You must be satisfied. PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. **PLEASE BID BY THE LOT.** Unlimited bids are executed at an advance of 5 per cent over the next highest bid. Numbers in ( ) are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. **LOTS CANNOT BE BROKEN.** Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

## **NOTICE TO NEW BIDDERS**

**Our Mail Sales Are Conducted As Follows:**

1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. **SEND BIDS AIRMAIL—IT PAYS.**

2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. **Bids you send in are the maximum you are willing to pay for the coin. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**

3. Valuations placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

**ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED.** No, you won't receive a nasty letter for returning a coin—instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins for each sale. Whenever this happens, we want it called to our attention to help prevent future errors.

Any coins may be inspected prior to the sale, collector to pay postage and insurance both ways.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

# IS THIS YOUR FIRST AUCTION CATALOG?

20TH EDITION (1967) GUIDE BOOK, (1965) PAPER MONEY 5th EDITION  
"TRENDS" AND OTHER AUCTION RECORDS USED IN CATALOGING.

Currency, scarce and rare gold, large cents, types and proofs seem to be rising the most rapidly at present with most bringing close to listed values and a great number bringing even more. Some are rising from month to month with a number "just not obtainable". The coins most in demand will have the greatest number of bidders and with the law of supply and demand working, these coins keep setting new records.

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand at the time of the publication. **The estimated prices are entered only after careful examination of various records and publications which reflect the actual and not theoretical values. (PLEASE NOTE THAT MANY OF THE ESTIMATES ARE CATALOG VALUE ONLY. MANY OF THE GOLD COINS, SILVER \$1, WASHINGTON QUARTERS, CURRENCY, ETC. ARE ESTIMATED AT CATALOG).** In the final analysis, you the collector, are the one who sets the price.

**BIDS ARE RECORDED AS FOLLOWS:** Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.50. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth, or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even though auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them, as well as any compliments.

**YOUR SUCCESSFUL BIDS WILL INSURE YOUR RECEIVING  
SUCCESSIVE CATALOGS WITHOUT INTERRUPTION**

## BARGAINS

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lots", yet in every sale you may pick up some real bargains.

Sincerely,

A. M. KAGIN and PAUL KAGIN

# YOU MUST BE SATISFIED

Our Sales Are Cataloged With You in Mind. If you have any suggestions, complaints, (yes we receive some now and then), we want to hear them. Having catalogued over two hundred sixty successful coin sales, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know-it-all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 per cent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 8c airmail stamp to find out what we would pay for your outstanding pieces? Naturally we buy collections, too.

## SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extended as per the bottom of the bid sheet. After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your bid sheet.

### 1858 OVERDATE, 8 OVER 7 CENT

136—1858/7	FLYING EAGLE, golden UNCIRCULATED. THE RAREST SMALL CENT IN POSSIBLY "THE CHOICEST CONDITION KNOWN." We note a specimen advertised in the April, 1966 Numismatist, page 519 as follows: "Extremely fine, plated on page 83 of Red Book and unpriced. This is the rarest Indian-Flying Eagle type coin. Less than a dozen exist, \$3,650.00." Surely this much superior specimen (acquired as "CHOICEST KNOWN") worth many times that of the 1856 flying eagle of which about 1000 are said to be known. On a comparative scale, \$10,000 would not be out of line; but until the new albums include it, we feel it will bring less, possibly \$5000 to	6,000.00

## PROOF THREE CENT PIECES (NICKEL)

343—1865 BRILLIANT SLIGHTLY BLUISH PROOF. BY FAR, THE RAREST PROOF OF THE SET. The regular proof sets struck and distributed early in the year did not contain the 3c piece. Only a few were struck later in the year. We doubt if as many as 50 exist compared to the 510 said to have been struck in 1877! ### PROOF SHIELD TYPE NICKELS

384—1866	<b>WITH RAYS, BLUISH GOLDEN PROOF.</b> Since the nickel was not issued later in the year, the proof sets struck and distributed early in the year did not contain them. FAR RARER THAN THE 1877! In addition, in demand for "type". The popularity of the date is reflected in its consistent rise in value. The 17th edition Guidebook valued it at \$600; the 18th edition at \$1000; the 19th at \$1225 and the present 20th edition at .....	1325.00

386—1867	<b>WITH RAYS, bluish golden PROOFLIKE</b> rather than full proof for which it was acquired. Looking at the coin it is understandable why it was mistaken for a full proof. It has the appearance and many of the requisites of a full proof but comparing it with a full proof, we can see some differences. Acquired five years ago at \$2500; the present value, if a full proof, would be closer to \$5000; a more realistic value for this exceptional specimen would probably be around .....	500.00

Delicately toned, **FROSTY UNCIRCULATED** with splashes of light go'd and peacock-b'ue. **THE ONLY PREVIOUS RECORD WE KNOW OF FOR THIS COIN IS IN ED FROSSARD'S 1894 SALE for a fine specimen! It is also only the second 1865 "S" we have ever seen or heard of in mint state!** The tip of the 5 is light'y recut, and the figure shows evidence of an earlier punched 3 between the horizontal and the outside curve, at the base of the upright, and, as a bulge, just below the ba'l." We have been informed by the editor of the Standard Catalogue of U. S. Coins that this **MAJOR VARIETY** will be included in the new edition to be published this year. DIMES

1792 DISME, FINEST KNOWN?

713—1792 BUST LIBERTY WITH FLOWING HAIR, “LIBERTY PARENT OF SCIENCE & INDUS.”, reverse flying eagle with DISME below, UNITED STATES OF AMERICA, STRUCK IN COPPER WITH REEDED EDGE, <b>MAGNIFICENT UNCIRCULATED SPECIMEN WITH LOVELY BLENDED BLUISH BROWN PROOFLIKE SURFACE, SHARP STRIKE WITH FULL DEEP DENTICLES. A BREATHTAKING SPECIMEN ACQUIRED AS “FINEST KNOWN.”</b> SINCE ONLY 12 TO 15 ARE SAID TO BE KNOWN, THERE IS NO REASON TO DISPUTE THE STATEMENT AS TO ITS BEING THE “FINEST KNOWN”; PARTICULARLY SINCE THE FEW SPECIMENS WE HAVE HANDLED DURING OUR THIRTY-ODD YEARS AS PROFESSIONALS DID NOT APPROACH THIS REMARKABLE QUALITY. ACQUIRED ABOUT TWO YEARS AGO AT \$15,000 WHICH WE BELIEVE WAS EXCELLENT VALUE CONSIDERING THE TRIPLE DEMAND, AS “FIRST UNITED STATES MINT ISSUES” (page 58 Guidebook), THE FIRST DIME (DISME) AND AS NUMBER 10 IN DR. JUDD’S BOOK OF UNITED STATES PATTERN AND EXPERIMENTAL PIECES. In trying to arrive at a realistic value for the present market, we are fortunate in having Lester Merkin’s April 1, 1966 auction in New York to refer to, particularly since the dime collection therein was the finest quality to have ever been offered at public auction. Unfortunately, while it had every date in superlative condition, evidently the owner was unable to obtain a top-quality disme. It did contain a choice example of the 1796 which realized \$5,600.00. Since in our thirty-odd years as professionals, we have handled at least a dozen top-quality specimens, we are inclined to accept the figure of a total of “at least 250 specimens of 1796 dimes exist” as stated by a leading authority. With the strong demand shown at the Merkin sa'le for top-quality specimens, we believe this remarkable coin will now realize in excess of .....	25,000.00

1796 PROOFLIKE DIME

714—1796 Variety with die break below first star at left, <b>SHARPLY STRUCK WITH HIGH WIRE EDGE BOTH SIDES, PROOFLIKE SURFACE</b> , interesting die clash marks obverse. Evidently, the dies clashed together without a planchet between resulting in the obverse die showing some of the markings of the reverse die. These markings showed up on the early impressions and faded out with use of the die. They tend to lend “personality” to our early coins and many collectors are attracted to these early “personality coins.” The Merkin sa'le specimen (April 1, 1966 - New York City) realized \$5,600; with the interest shown there, we believe this remarkable coin will now realize over .....	6,000.00
---	----------

1797 16\* & 13 \* DIMES

715—1797 STARS INCREASED TO 16 (1796 is 15*) to acknowledge the admission of Tennessee as the 16th state late in 1796, <b>SMALL EAGLE</b> reverse as in 1796, bluish golden <b>UNCIRCULATED</b> . Comparable to the Merkin sale specimen which realized \$2,000; could now realize .....	2,250.00
--	----------

## 1797 16\* & 13\* DIMES (Continued)

716—1797 STARS REDUCED TO 13 (it was realized how impractical it would be to add a star for each new state) virtually UNCIRCULATED, only barest friction. VERY RARE. The Merkin sale specimen (gem uncirculated) realized \$7250; this one probably worth at least ..... 2,000.00

### 1798-1807 LARGE EAGLE DIMES

717—1798 OVER 97, LARGE HERALDIC EAGLE, 16 STARS (states) reverse, fine obverse, very fine reverse. **ONLY YEAR WITH 16 STAR REVERSE!** Catalogs fine \$250 and v.f. \$425; this one worth about ..... 350.00

718—1798 OVER 97, 13 STAR REVERSE, BLuish GOLDEN UNCIRCULATED, usual soft strike in center which seems characteristic of these early dimes. **NOT PRICED IN GUIDEBOOK BUT INSTEAD HAS "VERY RARE."** Not in Merkin sale which contained virtually every other date and major variety. Acquired as "**FINEST KNOWN**" which could very well be as we cannot recall seeing an equal in all our thirty-odd years as professionals! We have seen this rarity compared to the 1894-S dime (24 struck—8 or 9 said to exist). This specimen (advertised) appears to be the one sold by a leading New York dealer in 1962 (Uncirculated, weakly struck) at \$7500; if it were in the Merkin sale, we believe it could have realized around \$15,000.00. What this rarity will now bring, your guess would be as good as ours.

719—1798 Large 8, **BRILLIANT FROSTY UNCIRCULATED**, sharp everywhere except at border. In fact, it fits the Merkin sale specimen description of "One of four specimens known in mint state and believed **SECOND FINEST KNOWN.**" Perhaps this is the "**FINEST KNOWN**" as claimed in July, 1963 when it was sold to its present owner at \$1250; could now realize closer to ..... 2,000.00

720—1798 **SMALL 8**, struck on porous planchet, acquired in "early 1965" at \$3,000.00. A careful check of auctions and ads of the period led us to the ad of a leading Connecticut dealer on page 412 of the March, 1965 Numismatist as follows: "1798 Small 8 Dime. About XF, very rare, a must \$3,000.00. This could be that specimen since it seems to fit that description. **UN-PRICED IN GUIDEBOOK.** Have seen "educated guesses of leading authorities as "Possibly 9 or 10 are said to be known." Could now exceed .....\$3,250.00

721—1800 Sharpness of extremely fine but close examination shows evidence of "smoothing away" of roughness of surface. X.f. worth ..... 475.00

722—1801 Extremely fine. **VERY RARE.** Se'dom offered above fine (most good to very good). ..... 650.00

723—1802 Very good with fine and bold date, slightly bent resulting in LI of LIBERTY and last three stars not showing, several tiny nicks on bust. **LOW COINAGE!** Catalogs v.g. .... 180.00

725—1804 13 Stars reverse, very fine obverse, fine reverse. **RARE.** Se'dom offered. Not in Merkin sale! Catalogs much too low v.f. at ..... 525.00

726—1805 4 Berries, bluish Uncirculated, barest trace rubbing, **SHARP STRIKE.** A superior example of this popular "type." The "extremely fine or better" Merkin sale specimen realized \$550; this superior one acquired over three years ago at \$475 surely now worth closer to ..... 700.00

727—1805 5 BERRIES, BLuish GOLDEN UNCIRCULATED, **SHARP STRIKE.** **VERY RARE VARIETY IN VERY RARE CONDITION!** Not in Merkin sale! Our records indicate that the 5 berry variety is at least ten times as rare as the usual 4 berries. Acquired in July, 1962 at \$750; surely this rarity now worth over .....\$1,500.00

728—1807 Bluish golden UNCIRCULATED, usual strike from clashed dies, far superior to most we have seen. Catalogs a ridiculous \$550 as we have seen inferior specimens priced ..... 750.00

### "\$1000" RACKETTEER NOTE

1490—\$5 1882 Brown Back, National Bank of the Republic of New York, CHARTER NUMBER 1000, extremely fine. Since "1000" appears in large numerals across the reverse, racketeers would wrap one of these notes around a bundle of low denominations. Very few people have seen a \$1000 note, therefore it was relatively easy to give the illusion of a roll of bills with a "\$1000" note around it. Acquired in 1964 when it was valued \$500; cou'd now realize closer to ....	600.00

## THREE DOLLARS (\$3) GOLD

Only struck 1854-1889 consisting of two varieties, 1854 ONLY "dollars" in tiny letters, 1855-1889 in Large "DOLLARS." The coin was never popular and as a result, most of the limited coinage was melted. A good portion of the remaining specimens seems to have been mutilated by using them for jewelry. We note a consistent rise in values nearly every year.

1954—1876 BRILLIANT PROOF. THE SECOND RAREST DATE OF THE \$3 SERIES! EVIDENTLY THE LAST SPECIMEN TO COME UP FOR SALE WAS IN 1963, AS THE GUIDEBOOK LISTS \$8,100 AS THE PRICE REALIZED FOR THE ONE IN THE SPRING 1963 CENTRAL STATES AUCTION. SINCE THE MORE "COMMON" DATES HAVE ADVANCED IN THE INTERVENING 3½ YEARS, WE FEEL THE PRESENT MARKET VALUE SHOULD BE CLOSER TO .....\$12,000.00

1956—1878 BRILLIANT PROOF. ONLY 20 STRUCK! From an old Mehl sale. Cat. alogs \$2,250.00. Another coin with a persistent rise in value. Cataloged \$1100 in 18th Guidebook, \$2000 in 19th and now in 20th at ..... 2250.00

1960—1883 BRILLIANT PROOF. NOT IN THE WOLFSON SALE OF 1962 (contained nearly all dates of the \$3 gold proofs). There was a specimen in the Kreisberg Jan. 1963 sale (N. Y.) which realized \$1500; surely now, 3½ years later, this rarity should realize closer to ..... 2000.00

### SET 4 DIFFERENT \$4 "STELLAS" 1879-1880

1967—1879 FLOWING HAIR, 1879 COILED HAIR, 1880 FLOWING HAIR, 1880 COILED HAIR — SET 4 MOUNTED IN ATTRACTIVELY LETTERED PLASTIC HOLDER. ALL PROOFS BUT UPON WEIGHING THEM WE FEEL THEY ARE COPPER WITH GOLD PLATING RATHER THAN SOLID GOLD. Dr. Judd in his pattern book states ONLY 4 to 12 OF EACH OF THE ABOVE were struck in copper! Compare this with the 415, 10, 15 and 10 each respectively struck of these 4 in gold. We note the value of the gold set has advanced from last year's Guidebook's \$47,750 to the present valuation of 53,500.00. Set acquired several years ago at \$15,000; could now realize closer to 20,000.00.

# EARLY HALF EAGLES (\$5 GOLD) 1796-1820

1968—1796 OVER 95, 15 Stars (states) SMALL EAGLE, UNCIRCULATED, trace of "cabinet friction" (caused by sliding on the velvet in the old-time coin cabinets when the tray was pulled out). Popular "type". Somewhat rarer than the 1795! Catalogs low at \$2750.00. We note it catalogued \$1600 in the 18th Guidebook, \$2250 in the 19th and now in the 20th at .....\$2750.00

- 1969—1798 LARGE 8 in date, 13 star reverse, LARGE HERALDIC EAGLE, several interesting die breaks which probably accounts for its short use, virtually Uncirculated, only barest friction, short light scratch on reverse. - 1972—1807 7x6 STARS, bust right, extremely fine. Considered by many as a separate type due to arrangement of stars. This type struck only in late 1806 (round top 6) and early 1807 making **THE SHORTEST TIME ISSUED FOR ANY GOLD TYPE (total only about a year or less)**. We note the very fine has advanced from \$325 in 18th to \$500 in current 20th Guidebook and unc. from \$500 to current \$675. Since fine catalogs \$400 and v. f. \$500, this extremely fine should be worth at least ..... 600.00

## NEW TYPE NO MOTTO LARGE BUST HALF EAGLES 1834-1838

1978—1834 Plain 4, acquired in 1962, "Rare variety with Large Bust, <b>MAGNIFICENT SPECIMEN ACQUIRED AS A PROOF</b> , yellow gold. The coin does have a virtually perfect proof surface with a <b>HIGH RAISED BORDER AROUND OBVERSE AND REVERSE</b> . However, we would prefer to call it a "PRESENTATION PIECE" rather than a proof comparable to later day proofs. Records indicate that "presentation pieces" were made up prior to 1858 (when proofs were on public sale for everyone) for Congressmen, V.I.P.'s foreign kings, noblemen and foreign museums. The mint did the best it could without too great a cost and "bother". This resulted in "one-sided proofs", proofs without the depth of modern day proofs and other variations from the uniform proofs now made. ....	750.00

This, in addition to the many altered mint marks and counterfeits of this date that appear, make this specimen of outstanding importance — <b>CONDITION AND CLARITY OF MINT MARK!</b> Of course, our many years of experience assure you that counterfeits and altered mint marks are screened out when the consignments are being cataloged. While the Guidebook has advanced its value from \$400 in the 19th edition to \$475 in the present 20th, we believe the superior strike of the mint mark places its actual value closer to .....	<b>\$ 600.00</b>

#### PRIVATE OR TERRITORIAL GOLD COINS CHRISTOPHER BECHTLER, 1830-1842 CAROLINA GOLD

2265—ONE DOLLAR CAROLINA 28 gr. N reversed, virtually Uncirculated, tiny nick. 200.00

2266—ONE DOLLAR N. CAROLINA 28 gr., Without Star. We have traced this remarkable specimen to the Jan. 1962 F.U.N. convention sa'e where it was described as follows: "PRESENTATION PIECE, \$1 C. BECHTER 28 Gr. Without Star North Carolina" lettering on plastic. It certainly is a beautiful thing with a FULL PROOF SURFACE. Saw one advertised last fall "nearly Uncirculated" and called "VERY RARE" at \$795.00. This one was bought from a well known dealer for \$1,500.00. Have heard tell and even seen an occasional "PROOF" or "PRESENTATION PIECE" of Private or Territorial Gold. ### CALIFORNIA SMALL DENOMINATION GOLD PIECES

Struck beginning in 1852 to alleviate the shortage of "small change." They come octagonal or round shape; genuine coins (with a few exceptions) have "CENTS", "DOL." "DOLL." or "DOLLAR." Busts are small or Large Liberty Head, Indian Head or Washington Head. Reverses have wreath, beaded circle, shield, peacock, eagle holding ribbon (as on \$50 "slugs") etc. A basic or expanded type set makes an interesting collection and judging from the consistent rise in values from year to year, has proven to be a "good investment." We feel that the publication of a new definitive book on this field will greatly enhance the interest in this historical area.

- 2309—J. J. CONWAY & CO. BANKERS, PIKES PEAK 2½ DOLL'S; similar but TEN DOLLARS. The \$5 is from an unused die; "UNION" on Liberty's band 1862 below bust, rev. "PIKES PEAK FIVE DOLLARS" around "5". These dies are in a museum and were resurrected for the Denver mint who restruck the set to COMMEMORATE THE 50TH ANNIVERSARY OF THE DENVER MINT 1906-1956. The set, struck in yellow metal, is mounted in an appropriately lettered plastic holder. Accompanying the set is THE ORIGINAL CONTAINER printed as follows: "Map Showing Topography And Mining Claims In The Breckenridge District, Colorado" number "167" at left margin (167th set). Reverse, "FIFTY YEARS OF COINAGE IN THE DENVER MINT (1906-1956). Two hundred sets of the J. J. Conway coins have been reproduced in gold from the original dies, now in the State Historical Society of Colorado, in commemoration of the Fiftieth Anniversary of the operation of the Denver Mint. J. J. Conway & Company coined gold in Georgia Gulch, near Breckenridge, Colorado, during the summer and fall of 1861. Clark, Gruber & Company, a private mint in Denver, was purchased by the government in April, 1863, and continued as a refining and assaying office until 1906, when coinage was begun February 1st." These original containers are now quite rare. This set has been traced back to the Penn-Ohio Oct., 1961 convention sale where it realized \$575; surely it should now realize \$650 to ..... 750.00
